WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Norway people recommend Doan's Pills. Ask your neighbor. Could you ask for stronger proof of merit?

Albert F. Prescott, shoemaker, Crockett Bridge, Norway, says: "My kidneys gave out and I had backache so badly it put me past going for several days. I couldn't bend, I was so stiff and lame. I was working in the ship yards at the time and I blame so much heavy lifting for the trouble. I had to get up several times during the night to pass the kidney secretions and I felt drowsy all the time. Finally I went to Stone's Drug Store and got Doan's Pills and began using them. Doan's reached my case at once and after using three boxes, the trouble left entirely. I have felt fine since."

BOLSTER'S MILLS

An entertainment for the benefit of Crooked River Grange was held at the Grange Hall Friday evening. A program commemorating George Washington was given as follows:

Piano Duet, Eva Mills, Margaret Skillings
Tableau, "Ship of State"
"War, Slavery and Peace"
"Crossing the Delaware"
Dance, 1776-1876
Misses Zeriah Morrow and Leona Skillings
Readings, "Then and Now" and "The Loyal Parade" (with tableaux and pantomimes)
Pianologue (with tableaux) "Weaving the Flag"
Chorus singing Mrs. Josephine Caswell
Luncheon, pop corn and home made cakes were on sale. Mrs. A. W. Weston, pianist, E. A. Wright and A. W. Weston, violins, furnished music for dancing. Many of the participants were garbed in old fashioned clothing, adding much to the fun. Mrs. Mabel Jilson assisted by Mrs. Josephine Caswell, performed the duties of the affair and much credit is due them for its success, both socially and financially.

Elisha Turner is visiting in South Paris. Otis Hancock, who has been confined to his home by illness for two weeks, was able to be on the street, Saturday.

The children of Clinton Scribner have had the chicken pox.

CASCO

Birthday Party
A birthday party was given Miss Jeanette Nutting, Saturday evening, by her parents, Mr. and Mrs. Lafayette Nutting. All their neighbors and friends were invited and enjoyed the evening socially and by playing games. Music for the evening was furnished by Miss Beryl Leach, organist, Cyrus Leach, drums, and Charles Gould, violinist. Refreshments of ice cream and cake were served to all. She received many nice presents.

Quite a number from this place attended the all day Grange meeting, by invitation, at Lake Grange Hall, Saturday, Feb. 23. A very nice dinner was served by the lady officers and a pleasant time was enjoyed.

The entertainment and box supper that was to have been given by Casco High Sophomore class, Feb. 21, was postponed on account of bad traveling and will be given at Casco Grange Hall, Friday evening, Feb. 29.

George Taylor, who was taken sick with pneumonia while on route to Brewer to visit his two sisters and taken to the hospital at Augusta, has now reached his desired destination after, three weeks illness.

FRUIT MEDICINE FOR RHEUMATISM

Proof Positive of the Value of "Fruit-a-tives"

The Medicine Made From Fruit Juices

If you suffer with Rheumatism or Lumbago, you know that ordinary remedies and liniments give only temporary ease, at the best.

But "Fruit-a-tives" aids you completely of this trouble. It not only relieves the

Are We Extravagant?

Here are some costs on Studebaker cars—
Would you have us cut them down?

WE are lavish on Studebaker cars. For some features we pay three and four times what they need cost.

Here are some of those costs which affect you. Tell us—would you want any one reduced?

Our prices on high-grade Sixes run from \$1025 to \$2685. They stand at bottom in the fine-car field, despite these extra costs. All because the demand requires 150,000 cars per year. But they could be lower if we cut these costs. Would you have us do it?

Engineering—\$500,000

Our engineering departments cost us \$500,000 yearly.

Our Department of Research and Experiment employs 125 skilled men. It spends vast sums in analyses and tests.

Our Bureau of Methods and Standards fixes every formula, every requirement. It makes 500,000 tests per year to maintain our high standards.

We make 26,000 inspections on every Studebaker car during manufacture before it gets out of the factory. We employ 1,200 men to do that.

These are heavy costs. But remember how they are divided—by 150,000 cars per year. They form but a trifle per car.

\$50,000,000 in plants

We have invested \$50,000,000 in modern plants and equipment. \$8,000,000 in drop forge plants. \$10,000,000 in body plants—as the only way to do Studebaker coach work.

These plants are equipped with 12,500 up-to-date machines, many of them very expensive.

But consider the alternative. Profits to other makers. We save up to \$300 for you by building Studebaker bodies in our own body-plants.

15% extra on steel

On some steels we pay a bonus of 15% to the maker. Just to get our

formulas exact. We could save that extra on "commercial runs."

We are one of the very few builders, either in Europe or America, using crankshafts machined on all surfaces. It costs us \$500,000 a year to give you this. But it results in that smoothness of operation, that lack of vibration which characterizes only the most expensive cars.

Every Studebaker car is Timken-equipped. The Special-Six and the Big-Six have more Timken bearings than any car selling under \$5,000 in America. The Light-Six more than any competitive car within \$1,500 of its price.

The many extras on our large closed cars would cost much if you bought them. The nickel-plated bumpers, the extra disc wheels and cord tires, the steel trunk, the courtesy light, motometer, etc.

Extras to our men

We pay the highest labor scale. Then we add extras to it.

Men who are with us five years or over get 10% of their year's wages in an anniversary check. Those anniversary checks last year cost us \$1,300,000.

After two years all employees get a week of vacation with pay. That cost us last year \$225,000.

Old employees who retire get pensions.

All this to keep men with us while they grow more and more efficient. To make them happy, so they do their best.

This is all paid by people who buy Studebaker cars. But we figure that each such dollar saves us five dollars. Don't you agree with us?

The utmost in car value

The object is to give you the utmost in car value. You will find we do that if you make comparisons. In any Studebaker model, you will find scores of ways in which it excels any rival car.

That is why, in the fine-car field, the Studebaker leads. The demand has almost trebled in the past three years. These cars have become the sensation of Motordom. On some of these models we have never yet been able to meet the demand.

We spend money lavishly. We build without regard to cost. But, in our quantity production, we still bring costs to bottom.

You should learn what these things mean to you before you buy a car.

Don't Buy a Fine Car until you see the leaders

Studebakers hold the top place in the fine-car field today.

Last year, 145,157 people chose them against all rivals. They paid \$201,000,000 for them.

For 72 years the Studebaker name has stood for the utmost in quality. It will never stand for less.

Today there are assets of \$90,000,000 staked on the Studebaker cars.

Don't pay \$1,000 or more for a car without knowing what Studebaker offers. You will find here some scores of advantages. Learn what they mean to you.

Other costly extras

Our bodies are finished with 18 operations, including 15 coats of paint and varnish.

We use real leather upholstery. We could cut the price of our open models \$25.00 were we willing to use imitation instead of genuine leather.

We upholster our closed models in the finest Chase Mohair. Cotton or ordinary wool, or a combination of both, would enable us to reduce our price from \$100 to \$150 per car. But we would thus sacrifice Studebaker quality and reputation.

OXFORD

Fore Street
Well, now the town reports are out. I feel I might write of the doings of some of us on Oxford Fore Street. After receiving your note to curtail items until then, imagine my surprise in reading such concerning Flora Cummings and her whereabouts, the joke being that it is thought she wrote it herself when, truth to tell, she was innocent of that list. She is home now and visited by her son and wife, and Monday Mr. and Mrs. Alanson Cummings of Woodstock. They made the trip down by auto but had to house the auto and go home by train.

Miss Georgie Dumbler of Mechanic Falls was a week end guest of her sister, Mrs. Ai Twitchell. The teacher, Miss Strother, has been home ill, but now has again resumed her duties. Mr. Palmer of Norway High School substituted for her, going to and from Norway meantime. The scholars took a great liking to Mr. Palmer, yet were glad to have Miss Strother able to be back with them.

Mrs. E. E. Twitchell held an all day mission meeting at her home Tuesday, not a large attendance, but good work done.

One horse of Leon Twitchell's span is sick. Ai Twitchell with team helped him harvest his ice.

Marion Twitchell, Lewis's daughter, is ill and unable to attend school.

Mrs. Addie Thurston of Norway spent several days recently with Mrs. E. E. Twitchell.

Miss Berry, a teacher in Bryant Pond, is a guest of Mr. and Mrs. John Grover.

Ai Twitchell has made 70 cakes of bees' wax from the surplus wax on hand, for household use as well as grafting purposes.

Mrs. and Miss Allen are well, though confined at home on account of the cold weather and hard travelling.

E. E. Twitchell is recovering from the effects of being on the grand jury. The tobacco smoke endured and business transacted being the hardest job he has encountered this many a day, he declares.

DENMARK

Robert Duffee of Sandy Creek is in town with his gasoline engine, sawing wood.

Mrs. Almira Cutler of Westbrook was in town the past week to attend the funeral of her cousin, Miss Mary Cutler, who passed away Wednesday night at the home of Henry Ingalls, where she has made her home since her father's death.

Mr. Benson of Cornish attended the funeral and carried the body to Cornish, where it was placed in the tomb to await burial.

Mr. and Mrs. George Trumbull were visiting friends and relatives in Brownfield, Sunday.

Fred Alexander passed away Friday at the Maine General Hospital, Portland, where he had recently undergone a surgical operation.

Mr. and Mrs. Will Witham of Portland were in town the past week to attend the funeral of his aunt, Mrs. John Colby.

Mrs. Perley Rankins returned home from Baldwin Friday, where she has been spending the past two weeks.

Mrs. George Hill of Massachusetts is the guest of Mr. Hill's mother, Mrs. Clara Belcher, while her husband has gone on a voyage to Australia.

The recent snow storm made the traveling very bad.

Albert Wentworth's father, Willis Wentworth, is in Brownfield where he is being cared for.

NO. FRYEBURG AND FRYEBURG HARBOR

BEFORE BABIES WERE BORN

Mrs. Oswald Benefited by Taking Lydia E. Pinkham's Vegetable Compound

Girardville, Pa.—"I took Lydia E. Pinkham's Vegetable Compound before my last two babies came. It keeps me in perfect health and I am on my feet getting meals and doing all my housework until an hour before the baby is born. A friend told me to take it and I have used ten bottles since I heard about it. I recommend the Vegetable Compound whenever I can. Just yesterday a friend was telling me how miserable she felt, and I said, 'If you start taking Lydia E. Pinkham's you will feel fine. Now she is taking it.'—Mrs. F. J. OSWALD, JR., 406 W. Ogden St., Girardville, Pa.

Mrs. Nicola Paluzzi Says
Mishawaka, Indiana—"I took Lydia E. Pinkham's Vegetable Compound for weakness before my babies were born. I was weak and tired out all the time and it helped me. When I had inward inflammation the doctor treated me, but it did not help me, so I tried Lydia E. Pinkham's Sanative Wash and it helped me right away. I will always have your medicines."—Mrs. NICOLA PALUZZI, 415 E. Broadway, Mishawaka, Indiana.

The New ESSEX

A SIX—Built by Hudson

We Ask This Simple Test

It is an easy way to tell if the new Essex Coach gives greater value than was ever provided at this price.

Take a ride. It has answered the question for thousands. Priced \$170 lower, the new Essex Coach provides a larger, handsomer body, with even greater passenger comfort than the former Coach.

And its 6-cylinder motor, built by Hudson, gives the smoothness of performance for which the Super-Six is famous.

Has Qualities of Both Hudson and the Former Essex

Steering is as easy as guiding a bicycle. Note how comfortably and safely it holds even the roughest roads at all speeds.

Gasoline, oil and tire mileage are exceptional. A further satisfaction is the low cost at which all replacement parts are sold.

Winter Sports

A jolly day was enjoyed on Saturday when the Junior division of the town held a carnival on the lake. Skiing, snow shoeing, ski jumping, obstacle races and novelty races were the attractions and the children from all the schools were present as well as Bridgton Academy students. Two more of these affairs will be held, on the coming Saturdays, and then the winners will be awarded medals.

A lunch was served at noon to about twenty young folks. Although very cold, a large, interested crowd was present on the ice.

Mr. and Mrs. Jason Libby are entertaining J. T. Costello and Miss Tracy Hilgert of Medway, Mass., for several days.

Mrs. E. C. Jordan and daughter, Mrs. Ralph Wentworth, spent several days with Mrs. Will Seavey on the hill the past week.

Mr. and Mrs. B. M. Davis are stopping with Clara Davis at her home at the hotel. Mr. Davis is working there and working as a chopper.

Shirley Harmon was in St. Barnabas Hospital in Portland the past week for several days treatment. She has left her studies at Bridgton Academy for the present and will stay with her aunt, Mrs. J. H. Randall, at the farm for a few weeks.

Mrs. D. H. Green returned this week to her home on Front St. after three months treatment at St. Barnabas Hospital. She left the hospital on Monday and has been at the Palmouth Hotel with her sister, Mrs. J. H. Randall. Her friends in town are happy to see her home once more.

Henry Purington had an ill turn, Monday, and is confined to his home on Front St. His daughter, Mrs. Irving Mains, of Naples is with him.

Samuel Ginsburg and a party of friends from New York were week end guests at Elms Inn.

Mrs. W. C. Guilford was in town, Sunday.

E. E. Whitney has been suffering with a cold and unable to attend his duties at Green's grocery store for a couple of days.

The family of Ora D. Little is quarantined with scarlet fever.

Among those who attended the ice races at Poland last week were C. D. Tarbox, Joseph Chaplin, E. C. Jordan and Fred Tenney.

Sherman Tucker and Donald Whitney are working in Waterford.

Ethel Whitney of Melrose, Mass., is spending the week at her home on Main St.

Leonard Pitts is still confined to his home on Elm St.

At the regular public whist held on Tuesday evening, Feb. 19, the highest score and first prize were secured by Mrs. Walter Mains, while Mrs. John Keene received the consolation prize.

W. B. Spiller was in Portland, Monday, on business.

Mr. and Mrs. J. H. Randall attended the funeral of his cousin, Oakley C. Curtis, Ex-Governor of Maine, on Monday afternoon.

Because of the severe storm the Grange Circle was postponed the first of the friends at whist on Friday evening. A delightful game was broken up at a late hour by a previous engagement of one of the ladies. The highest scores were won by Mrs. C. D. Tarbox, Miss Eva Jones and Mrs. H. E. Pitts. Mrs. Pitts received a fine collar and cuff set while the booty went to Mrs. Walter Mains.

Dainty refreshments were served by the hostess.

SOUTH ALBANY

Mr. and Mrs. Ernest Browne and son, Donald, have all been sick with bad colds. They are better and able to be out now.

Fred McAllister is at Harrison at work for Ed Emerson.

Herman Holt has finished hauling birch from the Albany Basin lot to the mill at North Waterford.

Howard Millett of Waterford has been visiting his grandfather, Merritt Savin, for a few days. He came up on his skis.

Ingalls McAllister has been hauling some bass logs to the mill at North Waterford.

Harry Haynes of South Waterford and John Pike of Sweden were here recently looking after young stock but failed to find any.

Mr. and Mrs. Arthur Millett and children were at Merritt Savin's, Sunday. They took their son, Howard Millett, home and left their daughter, Elizabeth Millett, to spend a few days there.

"THE COVERED WAGON"

Emerson Hough's great story of the winning of the west, "The Covered Wagon," is booked for an engagement of three days at the Empire Theater, Lewiston, commencing Monday evening, March 3, where it will be presented exactly as it is being shown in New York, for a run that is breaking all records, and at Chicago, Boston and Los Angeles, where it set up new records for each city.

"The Covered Wagon" tells the story of the opening of the Oregon trail and how the wagon train which started out to open up the vast west in 1848 divided in the desert when the word of the gold discovery in California reached them and some trekked south to search the placer mines for precious nuggets while others with that great spirit which founded the west trudged patiently and bravely northward to Oregon and with plow and shovel planted the first seeds which have flourished into treasures undreamed of in their aggregate wealth as the steady stream of produce continues to flow from those fertile fields and valleys.

In this "higra" of two thousand miles through unexplored plains and deserts, naturally hardships and adventures were encountered and Indian fights and massacres fill their historical page in the development of the story with its picturesque scouts and the rough hewn characters who peopled these trains in the days when men's souls were tried to the last reach of human courage and endurance.

Mr. Hough has revived a tradition in his historical background to his story but he has gone further and made the people of that period in whose debt generations upon generations to come will ever remain, come out upon the plains again and live their drama over.

The Needle Club did not meet with Mrs. George Linnell, Thursday. A few invited guests spent the day with her and sewed patchwork.

The White Mountain Dairy, Berlin, N. H., wants to buy eggs at market price. See ad. in this issue.

WELL KNOWN CLERGYMAN

DROPPED DEAD

Rev. R. E. Gilkey, pastor of the Dixfield Congregational church, dropped dead, Friday noon, at Union Station, Portland, as he was about to take the train for Dixfield. He had been to St. Barnabas hospital visiting his wife, Mrs. Chestina Gilkey, who underwent an operation two days before, and was on his way home.

Mr. Gilkey has presided over the local Congregational parish during the past 12 years. He was held in high esteem by all and his death was a great shock to his friends and parishioners.

He was born in Vermont, March 21, 1856. He came to Maine as a young man and has since held several pastorates in the State. He is survived, aside from his widow, by and 8 year old son, Ransom Eugene, one daughter by a former marriage, Mrs. Ida Klotzer of California, and a step-daughter, Mrs. Ethel DeMerritt of Grover, N. H. He also leaves a brother who lives in Vermont. Before going to Dixfield, Rev. Gilkey was pastor of the Free Baptist church in Auburn.

NORTH CHATHAM, N. H.

Saturday, Feb. 23 a whist party was given by Mrs. Gertrude Young and Miss Lucetta Chandler at Miss Chandler's home, which was very much enjoyed by all who attended. Right tables were needed to accommodate the players. The game lasted into late hours after which a very nice lunch was served. Fred Lusky scored the largest number of points. W. A. Stone the smallest. All returned home feeling well paid for going.

The Grange meeting held, Feb. 16, was well attended. Although the night was very cold, the program was well worth the try. The farce, "The Love of a Bonnet," was given by the sisters, and much enjoyed by all. Next meeting, Mar. 1, The articles in the town warrant will be discussed followed by a box lunch. We hope for a good attendance.

Mr. and Mrs. M. O. Charles were called to North Fryeburg, Friday, to attend the funeral of his brother, who was fatally injured while working in the woods at Lovell.

John L. Chandler went to Rye Beach, Saturday, the 23rd, to visit friends.

Mrs. Aurelia Webb is visiting with J. L. Chandler's family.

John Davis entertained Perry Murphy, Mellen Plummer and Lawyer Corliss from Bridgton over the week end.

NEWRY

W. N. Powers was in Lewiston, Wednesday, on business.

Mrs. Elsie Enman was at Bethel, Friday to attend the Carnival there.

L. E. Wight came home, Saturday, from South Paris, where he has been attending court.

There was quite an exciting time here for a little while when Mrs. Carrie French's chimney burned out, Saturday evening. The blaze filled the whole chimney rising 20 feet into the air, sending out coals a long distance. There was so much snow no harm was done.

PORTER

Rev. Cotton of Waterboro attended the Sunday services at Porter Center, Feb. 24. Alice Varney is gaining slowly.

Leslie Day who has been at Paris the past week returned home Saturday night. It is understood that Sam Mitchell will have a sale beginning the first Monday in March and will sell everything he has in the store.

BY THEIR ACTS YE SHALL KNOW THEM

"The sinister alliance between crooked business and crooked politics has done more than all else for the corruption of American life."

Ever since Theodore Roosevelt made this statement events have moved rapidly along this same course.

The act of Secretary Fall is leasing to private parties the National Naval Oil reserve whereby he seems to have a few hundred thousand dollars (at most) passed to his credit, but one and a trifling example of what has been taken from the American public by this alliance so graphically described by one of our greatest statesmen, and one whose knowledge and complete grasp of the subject of which he spoke was equalled by none.

It is true the Ballinger incident under Mr. Taft's administration was nipped in the bud before their work had been consummated but Pinchot and his subordinate, Glavis, lost their official heads for bringing the matter before Congress, and the fact that their accusations were correct never restored them to favor in the administration.

I think it was never proven that Mr. Ballinger's law firm were the Attorney's (it be called?) contributions from the Morgan-Guggenheim coal syndicate. Mr. Ballinger's law firm were the Attorneys for the syndicate, and no one could doubt but that some fine morning Mr. Ballinger would have awakened to the pleasant realization that some jolly Santa Claus had made him a millionaire. It seems that Secretary Fall got a little farther along and perhaps was doing it in a more crude way.

In both cases property of almost uncalculable value was to be turned over to our people of great wealth, that belonged to the public.

Today an even greater contention is being made to secure from the public for a mere nothing the priceless water powers of this country in whose value these concessions would be insignificant.

Thank God we have in Washington a little minority of men, some of them in the Republican party and some in the Democratic party, that stand for justice for the public.

We have the best form of government ever created by man but "eternal vigilance is now and always will be the price of liberty" and advancement.

If our Government, state and National, Legislative, Executive and Judiciary, act in the interest of all the people for a square deal for all, prosperity such as was never known before would be with us as a permanent possession. We are truly the richest people in the world, but is not something wrong?

Over 80% of the 999,000 families of Massachusetts, the home of our Puritan ancestors, live in rented or mortgaged homes. This state is one of the wealthiest spots on earth. The taxed value of its real estate in 1920 was \$3,885,495,341.00.

One single individual (not Henry Ford) has accumulated a fortune now in excess of this entire assessed value of real estate of this great state, and is still taking in a little hard earned income of 24% on his investments.

Another corporation that has more than \$1,000,000,000. of its capitalization never represented by one dollar, according to John Skelton Williams (Former Comptroller of the Currency) on Dec. 31, 1919 was carrying a huge balance of more than \$380,000,000.00 and still making enormous profits.

During one year, approximately \$4,000,000,000.00 of stock dividends were passed out in this country largely to capitalize War profits so that they could perpetually demand profits on them from the public.

One corporation aside from paying 24% on its capitalization from 1913-1923 inclusive, issued a stock dividend of \$393,333,200.00 to its needy stockholders. This was aside from all of the "unjust, unreasonable and burdensome taxes and excess profits taxes that our late President Harding in Dec. 1919 (then Senator Harding) said must be removed from our great corporations in order to reduce the high cost of living.

The one outstanding accomplishment of his administration was to reduce those taxes in the vicinity of \$500,000,000.00. "Not my soul, what thou hast done, but that thou now art doing. Not the course that thou hast run, but that thou are now pursuing.

So now, President Coolidge, backing the program of Mr. Mellon (great owner of Gulf Oil and incidentally acting as secretary in the President's cabinet,) proposes to reduce income taxes so that the ultimate results will be about this way: The man that pays an income tax on an income of \$5,000. will have his tax reduced about \$25.00 while these gentlemen of the millions of income and the millions of stock dividends with their wealth that exceeds the value of entire state of this union will have their taxes reduced by the millions.

"The sinister alliance between crooked business and crooked politics has done more than all else for the corruption of American life."

People are led by acts more than preaching. Can you see any connection between the acts of these officials and great men on finance, and the increase in crime?

SAVE WOOD AND TIMBER

The forest problem of the United States is in an important sense a problem of public education. The private owners, especially the great number of small owners, should know what prospect of profit timber growing holds out, how market salable material to the best advantage, how to cut so as to secure regrowth of the right kind and how to restore run-down forest and idle land to good productive condition.

The introduction of new practices in land use must overcome a tremendous inertia due to unfamiliarity and hesitation to embark on a course not fully charted by custom and experience. Wood industries and consumers alike need to be educated in the most economical and advantageous use of wood. The general public needs thorough education in the prevention of forest fires of a kind that will change ingrained habits, no light and simple task.

The public should also have an intelligent grasp of the reasons why forest conservation is necessary from the standpoint of local and national welfare, how it is practiced, and what part the public should take in promoting it.

The educational task in forestry is of an importance fully equal to any that is presented by the whole great problem.
